

## Option #175

### Pop 'N' Plug Interconnect Box

Interconnect solution designed for office furniture. The unit provides access to computer video, audio, network, telephone, and AC power when they are needed through plates on both sides of the unit and conceals it when not in use. Unit is constructed of metal. Option #175 is 7.875"W x 6.5"D x 4"H when open. It can only be used in the open position.

Standard items include four power receptacles, two computer video (15 pin HD), two COM ports/RS-232 (9 pin D), two composite video (RCA), two S-video (4 Pin Mini-DIN), four audio (RCA), two computer audio (3.5mm), two modem (RJ11), and two network (RJ45) connectors. All connectors have 6' cables.

Available in the finishes of black (standard), and brushed aluminum.

Optional items include preparing the unit for hardwiring.

Made in the U.S.A.

Unit is available in below configurations. Please order by full option number.
